

# What We Can Do With Your Investment to Help Those Most in Need

**\$2 a week** provides training for 5 volunteers who can respond to disasters such as single-family fires and hurricanes.

**\$5 a week** provides membership dues for 13 local kids to attend after school programs where they are enabled to reach their full potential as productive, caring, responsible citizens.

**\$10 a week** provides enough food to make 50 meals at a soup kitchen.

**\$1,000** provides school supplies for 64 children so they have the tools needed to be successful in school and in the future.
