

2008-2009 Leadership Giving Society

At the heart of every good and significant human effort, we find a leadership group that gives an organization direction and initiative that distinguishes it from all others.

The St. Lucie County area draws its strength and character from this unique group, which is truly the heartbeat of the community. These leaders care about the community, are committed to reaching high and working hard to achieve lofty goals, have the motivation and the means to provide for their community, and inspire their friends, peers and associates by example.

We are proud to present this group of community leaders that truly believes in community caring and working hard to create brighter future for those in need.

Pillar Society

\$500 – \$999

Tocqueville Society

The Tocqueville Society was created to recognize individuals who have rendered outstanding volunteer service in their communities with contributions of \$10,000 or more in the spirit of helping others for the common good. The Society also exists to promote and encourage voluntary community service, and recognize the value of such service to our nation.

2008-2009 Campaign Sponsors

Campaign sponsors are an integral part of making change a reality for those in need.

Their contributions help us underwrite the cost of campaign materials, events, and volunteer recognition. This ensures that all of the funds raised through the workplace, individuals, special events, and corporate donations can go directly to the health & human service programs in our community.
