

About SRA Research Group

SRA Research Group is a national market research firm based in South Florida.

The firm, with over 20 years of experience, is recognized for creating and delivering community need assessments utilizing specialized primary research techniques.

SRA has a track record for providing public and private sector agencies, businesses leaders, and organizations with the tools required to understand the needs that exist to better serve constituents and clients. This results in SRA providing targeted strategic recommendations to help create successful outcomes.

The firm has been built upon the premise of providing the highest level of customer service in a collaborative way to help our clients succeed, grow and prosper.
